

In the Time of Our Lives

Iron Butterfly

And listen to the clock beat as it ticks out time away
And listen to the birds laughter as they live for today
And listen to the heart beat as it beats our lives away And these are the things that we hear in our world
And these are the things that we hear in the time of our lives
In the time of our lives And to us they are real
And for us they're ideal How you doing people that passed on yesterday?
Did you meet with justice on your judgment day? And these are the things that we hear in our world
And these are the things that we hear in the time of our lives
In the time of our lives And to us they are real
And for us they're ideal Yes, to us
Without a doubt they're real
Oh, they're real
Without a doubt they're real
