

Midnight Cigarette

Hailey Verhaalen

You really got me goin'™ crazy
Making me be someone I don't™ really want to be
One minute you're™ in and the next you're™ out
Don't™ know how to feel about you now
I'm™ wracking my brain, yea in going™ insane
Trying to figure you out

Chorus:

I see you, you're™ beautifully dangerous
No good for me
Like a midnight cigarette I can't™ skip past I can't™ forget
The way you taste right on my lips
You're™ a bad habit
A habit I wish I could quit

You want me close, but not too close
Afraid to get too far to see where this could go
One minute we kiss, the feelings strong
Then I turn my head and then you're™ gone
I should be running saying words that ain't coming
To save me from you

Chorus:

I see you, you're™ beautifully dangerous
No good for me
Like a midnight cigarette I can't™ skip past I can't™ forget
The way you taste right on my lips
You're™ a bad habit
A habit I wish I could quit

Why cant I quit?

Chorus:

I see you, you're™ beautifully dangerous.™
Like a midnight cigarette I can't™ skip past I can't™ forget

The way you taste right on my lips
Youâ€™re a bad habitâ€¦ Yea

I see you, youâ€™re beautifully dangerous
No good for me
Midnight cigarette I canâ€™t skip past, I canâ€™t forget
The way you taste right on my lips
Youâ€™re a bad habit
A habit I wish I could quit
