

Don't Give Up On Us

Adrienne Bailon

I am weakness, I am greatness
I'm anything you want me to be
I am wasted, and I'll make this the anthem for a dying breed
I see the light in the night when you're fading away
Trust in us, we're all that you've got these days
Take a look inside my heart
Oh, let's get carried away
Don't you dare, don't you ever give up
Don't you ever give up, oh woah oh
Don't you dare, don't you ever give up
Don't you ever give up on us, my dear
I am selfless, I am selfish
I'm anything that I wanna be
This is violent, this is honest
It's the anthem for a dying breed

I see the light in the night when you're fading away
Trust in us, we're all that you've got these days
Take a look inside these eyes
Oh, let's get carried away
Don't you dare, don't you ever give up
Don't you ever give up, oh woah oh
Don't you dare, don't you ever give up
Don't you ever give up on us, my dear
Don't give up on us
No, don't give up on us
Don't give up on us
No, don't give up on us
Don't you dare, don't you ever give up
Don't you ever give up, oh woah oh
Don't you dare, don't you ever give up
Don't you ever give up on us, my dear
