

# Drugs

## Simple Kid

Maybe you got religion  
You talk about higher laws  
Maybe you want a TV  
You say you wanna be a star  
Maybe you got the doctor  
Hey man, yknow me?  
Where you gonna be tomorrow  
With all the pretty drugs you need?  
Baby, reading your magazines  
See you wanna go to India  
Read philosophies  
Everyones on the poison  
Looking for guarantees  
Where you gonna go tomorrow  
With all the pretty drugs you need?  
My name is kid and I feel alive  
Drugs, drugs  
Baby, if I told you  
Drugs, drugs  
Baby, if I told you  
Round and round they mold you  
Only to control you  
Baby, if I told you  
How round and round they mold you?  
Only to control you  
Maybe you got religion  
You talk about higher laws  
Maybe you wanna TV  
You say you wanna be a star  
Maybe you got the poison  
Looking for guarantees  
Where you gonna go tomorrow  
With all the pretty drugs you need
