

Just Like My Chevy

Gorilla Zoe

shes just like my chevy
she built like my chevy
shes just like my chevy
shes built like my chevy
she stands up real tall, her grill look right
shes got something in her trunk and she lookin real nice
She built like my chevy no doubt dog
that means she be from the back it should be outlawed
28 inches no skirt wearing no draws
drop top convertible my chevies wearing no bra
paint still drippin everytime I come through
i get my chevies wet baby just like you
two tone motor all chrome, spaceship moonwalkin neal armstrong
touch screens everywhere im watchin you porn
my chevy was the ish way before yo bro were born
my girl brings me girls and my girls like shoes
just like my chevy do, thats why I say she built
shes just like my chevy
she built like my chevy
shes just like my chevy
shes built like my chevy
she stands up real tall, her grill look right
shes got something in her trunk and she lookin real nice
6 deuce ragtop from the A to the block
snoop dogg (sup snoop??) and it dont stop
baby wanna ride yea you know she about to get it
front and back side to side she built like my chevy
candy paint drippin on the seats can you smell it
i just left the waffle house with jelly on my belly

now im in the right lane im rolling tight man
a real boss like a white man
im smokin on the green its a dream
i know you wanna be down with the winning team
well make the dogg your priority and
soar with me into a new world
you built like a chevy girl
shes just like my chevy
she built like my chevy

shes just like my chevy
shes built like my chevy
she stands up real tall, her grill look right
shes got something in her trunk and she lookin real nice
she built like my chevy make that ass drop
yall like my 63 with the big trunk
hydraulics, hydroponics smokin grade A kush
cause im hooked on phonics
the inside of the cars what moves me
fiberglass interior im driving a jacuzzi
20 miles an hour make sure they dont lose me
this bitch so clean look like something off a movie
keep it on the low but i know she know i love her
raise the top up tryin to keep it undercover
pretty feet with them real thick lips
a wide body baby like a bitch with big hips
shes just like my chevy
she built like my chevy
shes just like my chevy
shes built like my chevy
she stands up real tall, her grill look right
shes got something in her trunk and she lookin real nice
