# Emotions

## Pam Tillis

Emotions, what are you doin'?
Oh, don't you know, you'll be my ruin
You've got me cryin', cryin' again
When will you let this heartache end?Emotions, you get me upset
Make me remember what I want to forget
Oh, I've been lonely, lonely too long
Emotions, please leave me aloneYou worry my days, you torture my nights
Never a dream turns out right
Emotions, give me a break
Let me forget that I made a mistakeOh, can't you see what you're doin' to me?
Emotions, please set me freeYou worry my days, oh, you torture my nights
Never a dream, oh, never turns out right
Emotions, give me a break
Let me forget that I made a mistakeOh, can't you see what you're doin' to me?
Emotions, please set me free
Set me free
