

# Smoking Red

## Prefuse 73

Well you, good for you I'm not so sexual as yourself  
Every day is just an extension of yesterday, a hassle  
And getting out of bed in the morning is like slow suicide  
Doesn't even know, it's just what's going down  
Agonizingly I watch and breathe  
Callers, girls, money too  
It seems there's nothing I can do
