

Peace Song

Never Shout Never

I've always wondered what the world would be like.
If we all just took, two steps back. And prayed for peace.
I've always wondered how the air would smell.
Do you think that we be able to tell, without the smell of fear?
That we're going to hell.
There's a fire in my heart, you're not putting out.
There's no need to scream or shout.
Just pray for peace.
There's a Song in my soul, try and beat it out.
There's no need to scream or shout.
just pray for peace.
My heart was pure, my soul was clean .
Got ship away to a war zone, across the shining sea.
In the name of peace.
My mama told me "youngest son, don't lose your mind to that loaded gun".
And I lost it, now I'm on the run.
There's a fire in my heart, you're not putting it out.
There's no need to scream or shout.
Just pray for peace.
There's a song in my soul, try and beat it out.
There's no need to scream or shout.
just pray for peace.
There's a fire in my heart, you're not putting out.
There's no need to scream or shout.
Just pray for peace.
There's a song in my soul, try and beat it out.
There's no need to scream or shout.
Just pray for peace.
Just pray for peace.
