Phoenix from the Fire

Beverley Craven

Hold your nose and jump in
It's only one step at a time
Keep your sights on your destination
If you know what you want
Out of life
Take a chance
Cos what have you got to loose
I'm telling you wait for your dreams
Even when you feel like giving up
Just tell yourself the harder it is harder it is
The stronger you'll be
And believe in yourself
You can be whoever you are whoever you are
Just do what you feel
Like a phoenix from the fireGive yourself the freedom
To go and make your own mistakes
Everyone's going to have an opinion
Of the decisons you make
It's your life
So do what you got to do
Let nobody stand in your way
Telling you to change
Your mind's made upJust tell yourself the harder it is harder it is
The stronger you'll be
And believe in yourself
You can be whoever you are whoever you are
Just do what you feel
Like a phoenix from the fireLet nobody stand in your wayJust tell yourself the harder it is the harder it is
The stronger you'll be
And believe in yourself
You can be whoever you are whoever you are
Just do what you feelTell yourself the harder it is the harder it is
The stronger you'll be
And believe in yourself
You can be whoever you are whoever you are
Just do what you feel
Like a phoenix from the fire
