You get slapped on the hand

After you've stolen 500 grand.It's outrageous, nobody cares,White collar crime, you don't have to do time,Blue collar crime, you do time every time,Stealing from the company, taking all the profits,Sharing with your family, reaping all the benefits,Leveraging your ?,

Yes, they get away with it.Getting money today, is freeing money tomorrow,Boggles my mind, causes so much sorrow,You take ? protected by the law
