

# Blue in Green (Tk 3)

## Bill Evans Trio

Hues of blues and greens surround me  
Knowing you have found another love  
Has turned me world to sorrowGreen with envy for another  
Fearing she may be the one to soar  
Through life with you, can't lose theseHues of blues in green  
Song Discussions is protected by U.S. Patent 9401941. Other patents pending.
