

Guerrilla Carnival

III NiÑ±o

Wow!
No vale mas
Ya, la gente no se va
La gente vale
Nothing more than sheep that order in
Mas, la gente va pa'tras
A'lante with these broken bones
And naked sores
Complicated
Self addicted
Feeling like I'm twisted
And I'm gonna fight it
Whatever it may be
Compensated
Self sedated
Feeling bored and faded
But I gotta find you
Where ever you may be
Know, the people wanna know
Los animals, to live and learn
To love the blasphemy
Go, the people wanna go
To carnivals
To get inside and get that ride
Complicated
Self addicted
Feeling like I'm twisted

And I'm gonna fight it
Whatever it may be
Compensated
Self sedated
Feeling bored and faded
But I gotta find you
Where ever you may be
Melt with me
Are you afraid to die here?
Melt with me
Will you just let it go

This is all
Gonna go misunderstood
Complicated
Self addicted
Feeling like I'm twisted
But I fight it
Whatever it may be
Complicated
Self addicted
Feeling like I'm twisted
And I'm gonna fight it
Whatever it may be
Compensated
Self sedated
Feeling bored and faded
But I gotta find you
Where ever you may be
