

# Angel Eyes

## Alisha's Attic

Wish on, the love song baby,  
Won't come outta my mouth  
Well It's a shame, but my naivety  
Got washed up and hung out - ooh  
But all the boys say "Angel Eyes"  
But they don't know the devil inside  
Angel Eyes  
The smile is sweet, but it's a big lie  
Angel eyes  
The babe's a bitch, she's making you blind  
And if it weren't coloured, it wouldn't be a butterfly Weather shield protects my halo,  
Cute and kinda chic  
(Cute - ooh, ooh, ooh, oooh, ooh)  
A storm's brewin', face is starin',  
Turns me into a freak But all the boys, they still say "Angel Eyes"  
But they don't know the devil inside  
Angel Eyes  
The smile is sweet but it's a big lie  
Angel Eyes  
The fuckin' bitch, she's makin' you blind  
And if weren't coloured, it wouldn't be a butterfly
