Love Will Keep Us Alive

Paul Carrack

I was standing all alone against the world outside
And you were searching for a place to hideLost and lonely now you've given me the will to survive
When we're hungry love will keep us aliveDon't you worry, sometimes you've just got to let it ride
The world is changing right before your eyesNow I've found you, there's no more emptiness inside
When we're hungry love will keep us aliveI would die for you, climb the highest mountain
Baby, there's nothing I wouldn't do for youNow I've found you, there's no more emptiness inside
When we're hungry love will keep us aliveI would die for you, climb the highest mountain
Baby, there's nothing I wouldn't do for youI was standing all alone against the world outside
And you were searching for a place to hideLost and lonely now you've given me the will to survive
When we're hungry love will keep us aliveWhen we're hungry love will keep us alive, yeah
When we're hungry love will keep us alive, alive
