# What Do You Want (Radio Edit)

## Justin Jay

Oh I know that I'm not your type
and you're not mine
but that's alright

You're taking the freeway to your city life
while I hit the back road
to the country side

(Chorus)
So what do you want-
Do you want with me?
(I said) what do you want,
do you want with me?

This isn't the place
to tear down walls
not everything
is a problem to solve

Let loose,
and just relax
What we got is enough
We can leave it at that

(Chorus)
So what do you want-
do you want with me?
(I said) what do you want,
do you want with me?

(Chorus)
So what do you want-
do you want with me?
(I said) what do you want,
do you want with me?

We both know
that it ain't gonna to last,
but there's nothing to lose

just something to have

It wont be much
I wanna keep it light,
because less is more
when we do it right

So what do you want?

(I said) what do you want?

So what do you want?

(I said) what do you want?

(Chorus)
So what do you want-
do you want with me?
(I said) what do you want,
do you want with me?

(Chorus)
So what do you want-
do you want with me?
(I said) what do you want,
do you want with me?
