Not Alone

Red

Slowly fading away, you're lost and so afraid
Where is the hope in a world so cold?
Looking for a distant light, someone who can save a life
You're living in fear that no one will hear your cry
Can you save me now?
I am with you, I will carry you through it all
I won't leave you, I will catch you
When you feel like letting go
'Cause you're not, you're not alone
Your heart is full of broken dreams, just a fading memory
And everything's gone but the pain carries on
Lost in the rain again, when will it ever end?
The arms of relief seem so out of reach
But I, but I am here
I am with you, I will carry you through it all
I won't leave you, I will catch you
When you feel like letting go
'Cause you're not, you're not alone
And I will be your hope when you feel like it's over
And I will pick you up when your whole world shatters
And when you're finally in my arms
Look up and see, love has a face
I am with you, I will carry you through it all
I won't leave you, I will catch you
When you feel like letting go
'Cause you're not, you're not alone
And I will be your hope, you're not alone
And I will pick you up
And I will be your hope
And I will be your hope
Slowly fading away, you're lost and so afraid
Where is the hope in a world so cold?
