

# That Girl

[Sarah Connor](#)

Are you talkin' about me?  
You're talkin' trash![verse 1]  
Red carpet rollin', pockets are swollen  
Still got my friends, and with them I be flowin'  
Rockin' don't stoppin' and shoppin'  
Still comin' on strong, I'll be flossin'  
This one's just for you  
I'm takin' it to level 2  
Tell me why you're talkin' trash[chorus]  
They talk about that girl on the scene,  
Flossin' that gucci on tv - ahha  
That girl with the car  
20"(inch) rims on da jaguar- ahha  
That girl on da show  
Flippin' that bird just like a pro - ah ha  
That girl, that girl[verse 2]  
I take things step by step  
Until there's nothing left  
But the top and it don't stop  
When I sign off, I can hear the beat drop  
No matter what I do, I can't do right by you  
You can chit chat the chadder but it don't matter  
This is 4 you
