Take It All

Communions

Even though we don't see eye to eye, it's true
But there's no need to doubt I'd do anything for you
Changing of the moon means
I'm afraid that you'll leave me to soon
Please, forgive me now, hear me out
I lost everything in my head except my pride
I'm an animal searching for my reason on my kneesI just want you to know
I'm looking back at what you said
A little while ago
I spent it all to remind myself how much I care
But I just want you to know
I just want you to
I'm a faded pool
A fortune wheel that spins
Makes everything seem like a game
When it comes full circle everybody says
But no one is to blame
Things get hard
You hit the bottom limit of nature which is still awake
Doing what you can
Running back and forth but there's no breakI just want you to know
I'm doing my best to get it together now
Money making going slow
My cash flow is small but still I'm gonna make it somehow
But I just want you to know
I just want you to know
To take it all
To take it all
I just want you to know
You can take it all
You can take it all
I just want you to
