

Don't Believe

Artillery

Human, I can read your mind
Stranger, from your eyes don't weep
Clear your thoughts
Ease your mind Don't believe a word
Unless it's proven true
You might just catch a spell
Damnation upon you Teacher, learnin' from the card
Preacher, lovin' you is so damn hard
And the tales, that you tell Liar, your brain is runnin' wild
Crier, elemental child
Sinner, playin' with your thoughts
Winner, are you feeling lost?
