

Unobstructed Views (Unicorn Kid Remix)

Death Cab for Cutie

There's no eye in the sky
Just our love
No unobstructed view, no perfect truth
Just our love, just our love And there's no verse, no monument of words
For our love
For they can't hold all I know about my love
About my love Storm clouds break
Pools remain memories for
Earth embrace, evaporate up above
They become new love, new love There's no eye in the sky
Just our love, just our love
No unobstructed views, no perfect truths
Just our love, just our love
