Please Me

MÃ¥ns ZelmerlÃ¶w

Can't go on complaining about what should be done,
I come undone
Life's too short to fight about what's right
Sometimes I wonder how you make me high, you make me fly
Must be the tears in your eyes

A message to the gods again
Another twisted mind
I can't rely, the sane am I?
I touch the sky

Please me, don't try to break free
Look what you've made me
Not falling apart
Please me, ain't gonna be easy
Come on and taste me
A piece of my heart
Yeah!

The clouds are closing in and I decide to run,
What's done is done
In the middle of the night no use to fight
Tears are falling, hell is calling
My head is soar, I've reached the door
No looking back, she'll be alright

A message to the gods again
Another twisted mind
I can't rely, the sane am I?
I touch the sky

Please me, don't try to break free
Look what you've made me
Not falling apart
Please me, ain't gonna be easy
Come on and taste me
A piece of my heart

Please me, don't try to break free
Look what you've made me

Not falling apart

Don't turn around babe this matters to me
I'm still lonely, you're my only
Don't live a life dreaming what love should be
Gotta give it up, give it up,
Help me through the storm

Please me, don't try to break free...

Please me, don't try to break free
Look what you've made me
Not falling apart
Please me, ain't gonna be easy
Come on and taste me
A piece of my heart

Please me, don't try to break free
Look what you've made me
Not falling apart
Please me, come on please me
Baby please me
A piece of my heart
