

Target

Joe Jackson

Uptown, downtown
No one's fussy, I'm a target
Black, white, day, night
No one's fussy, I'm a target Somebody say I'm crazy
Walking in this neighborhood
Say you can't be too careful
But that won't do no good I'm no one special but any part of town
Someone could smile at me then
Shake my hand then gun me down Uptown, downtown
No one's fussy, I'm a target
Black, white, day, night
No one's fussy, I'm a target Somebody say I'm crazy
Living in this crazy town
I say maybe you're just lazy
Got to either swim or drown I know what I'm doing
I'm happy day to day
But then something happens
Takes my nerve away Uptown, downtown
No one's fussy, I'm a target
Black, white, day, night
No one's fussy, I'm a target
