White Birds

Sarah Fimm

Make your garden grow
White bird
Dream out loud doe
While we send her out to youCold is the wind on
Your blue wingWe don't stand a chance
We're white birdsWhen you come
I'll crawl to your perch
When you come
I'll crawl to your perchSending love to youIt's a lovely thing
How we found a pearl
Through wind worn hell swells cracked
Shells melt
As we find our worldWhen you come I'll crawl
To your perch
When you come I'll crawl
To your perchSending love to you
