

Sail Away

John Fogerty

Mama, come look quick
There's a light up in the sky,
I see the silent ship,
And it's calling you and I,
And if you listen close,
The reasons all come clear,
I'm ready now to go,
There's nothing left to fear.

Oh there's nothing left to fear. Leavin' all of this pain behind, gonna sail away,
Lettin' all of these chains unwind, gonna steal away. Mama, come look quick

Do I see an open door?
The passageway is lit,
An' it's time to get on board.
What wonders we will see,
What beauty to my eyes,
So come along with me,
Across the rainbow sky,

Across the rainbow sky. Leavin' all of this pain behind, gonna sail away,
Lettin' all of these chains unwind, gonna fly away,
Makin' over this troubled mind, gonna wash away,
Leavin' all of this doubt behind, gonna sail away.
