

Baby It's You

Aaron Carter

Yeah, come on now
Yeah, come on now
Yeah, come on now
Yeah, come on now
Yeah, come on now
Yeah, come on now
Yeah, come on now
Yeah, come on now
Too hot, lookin' fantastic
No nips or tucks or plastic
The way she works the magic
She's got me like an addict
I'm not a dreamer fantasizing
What this could mean
Let's gotta move on, gotta play the field
Gotta be strong, no time to kill
So check out the girl on the corner of mason
Lookin' kinda crazy, I'm amazingly dazed, man
Let me here ya say, "Yeah", hey, yeah
Check out the way that she ties up her laces
Puttin' a smile on our faces
I say, "Hey, ho"
(Hey, ho)
Baby, it's you that I want
So come a little closer and don't get me wrong
I'm kinda shy but I know what I want
I'm crazy for you so baby, let's get it on, come on
Yeah, come on now
Yeah, come on now
Yeah, come on now
Yeah, come on now
Too hot lookin' like crazy
No 'If's' or 'But's' or 'Maybe's'
No time to blind or phase me
Your body activates me
She's throwin' her hair back
And I kinda like that
Gotta move on 'cause I like the chase
Gotta move quick no time to waste
So check out the girl on the corner of mason

Lookin' kinda crazy, I'm amazingly dazed, man
Let me here ya say, "Yeah", hey, yeah
Check out the way that she ties up her laces
Puttin' a smile on our faces
I say, "Hey, ho"
(Hey, ho)
Baby, it's you that I want
So come a little closer and don't get me wrong
I'm kinda shy but I know what I want
I'm waiting for you so baby, let's get it on
Baby, it's you that I want
So come a little closer, you know ya belong
I'm kinda shy but I know what I want
I'm crazy for you so baby, let's get it on
Yeah, come on now
(Everybody come on now)
Yeah, come on now
(Baby, let's get it on now)
Yeah, come on now
Yeah, come on now
(All right)
(Here we go)
Yeah, come on now
(Here we go now)
Baby, it's you that I want
So come a little closer and don't get me wrong
I'm kinda shy but I know what I want
I'm waiting for you so baby, let's get it on
Baby, it's you that I want
So come a little closer and don't get me wrong
I'm kinda shy but I know what I want
I'm crazy for you so baby, let's get it on
Baby, it's you that I want
So come a little closer and don't get me wrong
I'm kinda shy but I know what I want
I'm crazy for you so baby, let's get it on
