Find My Way Back Home

Priscilla Ahn

Don't you go,
Away, I know,
Without your love,
I'll never find my way back home
'Cause you and me,
So happily,
Make all our dreams of make believe reality
La la la La la la La la la la la
Troubles, never find us there
Oh, bubbles, float through the air,

Float through the air
Float through the air air air air
La la la La la la La la la la la
So don't you go,
Away, I know,
Without your love,
I'll never find my way back home,
I'll never find my way back home,
No, no,
I'll never find my way back home,
No, no,
I'll never find my way back home.
