Kill

Rezurex

Shes on her way from her crimson hell
as shes searching for a kill
Shes on a mission to find a victim
She likes the taste of blood
Shes on the prowl tonight

She who walks alone tonight...
Shes the one with the kill in her eyes
She who walks alone tonight...
Shes the one with the kill in her eyes

shes got the kill in her eyes
shes got the kill

As she stares into the broken glass
Shattered memories of sin
Shes on a thrill
She wants to kill
With her blade so sharp you cannot even feel

She who walks alone tonight...
Shes the one with the kill in her eyes
She who walks alone tonight...
Shes the one with the kill in her eyes

shes got the kill in her eyes
shes got the kill

shes got the kill in her eyes
shes got the kill in her eyes
shes got the kill
shes got the kill
