

Roll Me

Cheap Trick

When days turn to night
All that's right
Come to life now, honey
I wanna be your man
Do it like no other can now, honey
Standing by the door
Like a loaded .44Ooo yeah
I got some trouble tonight
Got a woman to squeeze me tight
I got someone to hold me
And I like it, baby, I like it
You gotta manHe's got his hands
On the money, honey
Lips as thick as blood
I'm on [XXXX] can't give it up now, honey
Lyn' on the floorNow she's cryin' at the door
Ooo yeah Oh yeah
I've got some sugar tonight
Got a woman to squeeze me tight
I got someone to hold me
And I like it, baby, I like it[guitar]
Standing by the door
Like a loaded .44
Ooo yeah
I got some trouble tonight
Got a woman to squeeze me tight
I got someone to rock me
And I like it, roll me, I like itYeah
I got some trouble tonight
Got a woman to squeeze me tight
I got someone to hold me
