

Power

Marco Mengoni

He wanna punish me
'cause I can give you what you need
You asked for honesty
Please, now you are mad at me
He started firing, wonder how you get burn
Light had met you, someone's gonna get hurt I know you're not the same that you pretend to be
Tonight you'll set the stage play out your fantasy
And we can make a movie scene
Come on, come on, let's see who's got the power So play me like a villain if you want to
You can play the victim if you need to
I don't think you gotta like you used to
Come on, come on, come on I've got the power, my love
So play me like a villain if you want to
You can play the victim if you need to
I don't think you gotta like you used to
Come on, come on, come on I've got the power You know me, I'm impatient with the drama babe
You're gonna wear me out, fires make me go away
We're gonna crush and burn the sun, so baby come on
We're gonna crush and burn, crush and burn, crush and burn
yeah So play me like a villain if you want to
You can play the victim if you need to
I don't think you gotta like you used to
Come on, come on, come on I've got the power, my love So play me like a villain if you want to
You can play the victim if you need to
I don't think you gotta like you used to
Come on, come on, come on I've got the power
You push me to the edge
Your weakness is my strength
I want to do it again
You said, you said So play me like a villain if you want to
You can play the victim if you need to
I don't think you gotta like you used to
Come on, come on, come on I've got the power, my love So play me like a villain if you want to
You can play the victim if you need to
I don't think you gotta like you used to
Come on, come on, come on I've got the power
