

You Lied

Rayy Dubb

Bitch you lied to me talkin' 'bout you love me from the start
Bitch you lied to me talkin' 'bout you'll never break my heart
Bitch you lied to me talkin' 'bout that we were just in love
Baby girl it wasn't love, guess my love wasn't enough
Bitch you lied to me talkin' 'bout you love me from the start
Bitch you lied to me talkin' 'bout you'll never break my heart
Bitch you lied to me talkin' 'bout that we were just in love
Baby girl it wasn't love, guess my love wasn't enough
Bitch you lied to me, had me thinkin' all that shit in my head
Talkin' 'bout you really love me but you love my bread instead
It was right there from the end, all my love had just begin
Now I'm sittin' here all alone cause you wanna play pretend
Lil Rayy Dubb, girl what's up
Ain't fuckin' with you scrubs
All these hoes just show me love
When I step off in the club
Lil Rayy Dubb so appealing when I step off in the buildin'
Got these hoes feet to the ceilin'
Now its time to make a killin'
All I'm up cause I'm true, when they put me in that booth
You don't trust me so I don't trust you
Got me grippin' on that tool
Let me see what you gon' do
Let your boy Rayy Dubb get through
If they really really 'bout it, we gon' see what they gon' do
Catch me ballin'
All in the mix with bitch
Trying to get lit with ya bitch
Throwin' up fo's thru the six with the bitch
Ima get lit, turn green like a witch
He ain't really bout it, he ain't really bout what he bout
Better stop runnin' his mouth
'Fore I get the goons that's coming from the south
Gon' head boys put a dick in is mouth
Fresher than fresh
Yeah so fresh and clean
She seen me coming up now she all on me
Drinks for free, VIP
Mastered, turnt up hype to the beat

We so fresh yeah we so stylish
All in the car with the beats we vibin'
Geeked up highin'
Man stop clowning
Your brain's bad luck if a nigga start downing
Bitch you lied to me talkin' 'bout you love me from the start
Bitch you lied to me talkin' 'bout you'll never break my heart
Bitch you lied to me talkin' 'bout that we were just in love
Baby girl it wasn't love, guess my love wasn't enough
Bitch you lied to me talkin' 'bout you love me from the start
Bitch you lied to me talkin' 'bout you'll never break my heart
Bitch you lied to me talkin' 'bout that we were just in love
Baby girl it wasn't love, guess my love wasn't enough
Yeah back once again
Sack once again
I went and fucked his bitch now he mad once again
Claiming you my dawg he ain't really my friend
And that hoe there, I don't gotta girlfriend
I don't need her and I don't need them
Coach put me in I stay in the gym
And I don't give a fuck cause now I'm here
Four feet tall and I still reach rim
I'm just trying to get it
Why these hoes do me wrong
She apologized to me but i still hung up that phone
I just gotta go and get it
I been down in the trenches
I just need to take off
I just need to get missing
All alone
Now I'm sauced up, bossed up
I don't really too much love her
Yeah I try, yeah I try
But her love for me just died
I just really don't have time
Gotta focus on my rhymes
Your supposed to be all mines
Your supposed to be my dime
Baby girl why you lied to me
Why you had to lie to me
Shawty really cried to me
When I left you died to me
Baby girl what's up
Is we getting on or what
Let a nigga know what's up

Gotta nigga in the cut

Like...

You lied, you lied to me
You lied, you lied to me
You lied, you lied to me
You lied, you lied to me
You lied, you lied to me
You lied, you lied to me
You lied, you lied to me
You lied, you lied to me
You lied, don't talk to me
Don't talk, don't talk to me
Don't talk, don't talk to me
Don't talk, don't talk to me
Don't talk, you lied to me
You lied, you lied to me
You lied, oh you lied to me
You lied, you lied to me
You lied

Bitch you lied to me talkin' 'bout you love me from the start
Bitch you lied to me talkin' 'bout you'll never break my heart
Bitch you lied to me talkin' 'bout that we were just in love
Baby girl it wasn't love, guess me
