

New Thang (Acapella & Sax Stem)

Redfoo

Ooh, the way that you pop, girl
Makes me go cray, show me what you got, girl
You could be my new thang
Oh, the way that you move
Makes me go cray, pick it up now drop girl
You could be my new thang Get saxy, girl, get saxy
Get saxy, girl, get saxy
Get saxy, girl, get saxy I heard it's yo birthday
Grab a drink if ya thirsty
I can see that ya need an OG
That can do ya the beast and the worst way
Pop it like a go-go
Drop it like a low-low
What's that? It's a go-pro
So I can watch that back, HD- Slo-mo I don't care if it's the first beat
I'll take ya back to my place
We can skip first base
Cuz a playa like me
Tryna slide into home plate
Clap clap, make it clap
Lights on, lights off
Make it clap
Yeah
Make it clap
My name ain't Santa
But she sittin' on my lap Oh, the way that you pop, girl
Makes me go cray, show me whachya got, girl!
You could be my new thang
Oh, the way that you move
Makes me go cray, pick it up now drop girl
You could be my new thang Get saxy, girl, get saxy
Get saxy, girl, get saxy
Get saxy, girl, get saxy I heard that ya single
Now ya talkin' my lingo
Let's play casino
Bring four friends plus you
Bingo! Ye ain't nuttin' but a flirt
The way ya bouncin' in that shirt
It's amaxin' how ya drop it

Pick it up and still make it workYo body lethal, I might LA freak ya

Goddamit, that booty fast

Sittin' high up on yo back

What the f*ck did they feed ya?

Clap clap, make it clap

Lights on, lights off

Make it clap

Yeah

Make it clap

My name ain't Apple

But they call me the MacOh, the way that you pop, girl

Makes me go cray, show me whachya got, girl!

You could be my new thang

Oh, the way that you move

Makes me go cray, pick it up now drop girl

You could be my new thangGet saxy, girl, get saxy

Get saxy, girl, get saxy

Get saxy, girl, get saxy
