

Breathe (Pete Heller's Phela mix)

Erasure

Twenty seven times
I paint the city in lights
Now I changed my mind
I was living fast
Now I'm running on empty And I feel
Yeah I feel
You're gonna blow
Let me go Breathe
And I breathe
It's bitter without you
I can't live without you
And I'm...in love with you Stood the test of time
Though I treated you rough
You were always kind
I let my head rule my heart
Now I feel so lonely And I feel
It's the deal
You're letting me go
Gonna blow Breathe
And I breathe
It's hollow without you
I can't live without you
And I'm...in love with you Breathe
I believe
It's empty without you
I can't live without you
And I'm...in love with you Breathe
And I breathe
It's bitter without you
I can't live without you
And I'm...in love with you Breathe
I believe
It's empty without you
I can't live without you
And I'm...in love with you Breathe
I believe
I can't live without you
And I can't live with you

And I'm...in love with you
