

# Unloved

Walter Egan

Unkind  
We kissed and made a vow  
That you've undone  
We're on a chase now It's wrong  
And I don't understand  
I can't even call  
You unlisted your phone Unloved, unloved  
Unloved, unloved Until  
I looked into your eyes  
And fell under your spell  
I got along fine Untrue, it's untrue  
And now our love  
You let it unwind Unloved, unloved, unloved  
Unloved, unloved, unloved Unloved, unloved  
Unloved, unloved, unloved  
Unloved, unloved, unloved  
Unloved, unloved, unloved
