Just About Enough

Love Injections

Just about enough
Just about enough
Just about enough
Just about enough
Just about enough, can't take anymore of you
Just about enough, got me over the edge
Just about enough, you don't give me what I deserve
I'm no fool, gotta get away from you
After all you put me through, boy, I'm still in love with you
Although, you don't seem to care
You keep pushing my love down the stairs
You got me crying, so I'm leaving you behind
Just about enough, can't take anymore of you
Just about enough, got me over the edge
Just about enough, you don't give me what I deserve
I'm no fool, gotta get away from you
I have given all to you
Gotta change my point of view
'Cause all I get in return is a heart getting torn apart
You got me crying, so I'm leaving you behind
Just about enough, can't take anymore of you
Just about enough, got me over the edge
Just about enough, you don't give me what I deserve
I'm no fool, gotta get away from you
Just about enough
Just about enough
Just about enough
Just about enough
Just about enough
Just about enough
Just about enough
Just about enough
Just about enough, can't take anymore of you
Just about enough, got me over the edge
Just about enough, you don't give me what I deserve
I'm no fool, gotta get away from you
Just about enough
Just about enough
Just about enough

Just about enough
Just about enough
Just about enough
Just about enough
Just about enough
