Beetles

Warpaint

I am not prepared, I just gotta gotta get there,
Where am I, why can't I just get it together?
Fuck it, where's my shit?Oh my God I'm mad at it
Oh my God I'm mad at it
Oh my God I'm mad at itI wanna throw it out the window
I wanna throw it out the window
I wanna throw it out the window
I wanna throw it out the windowAnd here I go, hanging on
Nothing new, nothing new,
Nothing nah, nothing oh noLet's get naked and rip down the wall that makes me crazy
Tell me how
Someone hold my hand and give me lessons 'cos I wannaMelt the knot inside of it
I wanna melt the knot inside of it
I wanna melt the knot inside of it
I wanna melt the knotI'll never stay, love is the only way out
I, oh-ohh
And oh, when I see you
I'm lucky, waiting for silence to come
And take me down
To see, what you are waiting for
Do I need the sound
So slow
Hurt, first, me, please
I know that you want to, I know that you want to
Please tell me
Where you're hiding
Hurt, me, ohhh
(waiting for, waiting for)
To save this love, break through fireI am not prepared, I just gotta gotta get there,
Where am I, why can't I just get it together?
Fuck it, where's my shit?Oh my God I'm mad at it
Oh my God I'm mad at itI wanna throw it out the window
Let's get naked and rip down the wall that makes me crazy
Tell me how
Someone hold my hand and give me lessons 'cos I wannaMelt the knot inside of it
I wanna melt the knot inside of it
I wanna melt the knot inside of it
I wanna melt the knot inside of itSomeone hold my hand and give me lessons 'cos I wanna
