Sweethearts Dance

Pam Tillis

Sweetheart's dance, that's what they do
The two heart two-step baby, that's me and you
Sweetheart's dance round and round, make out in the corner
Lover's quarrel, sweetheart's danceSometimes babe I hate you 'cause my love's so strong
And then you make me feel so right, I think it must be wrong
You love me, you move me, this love don't make no sense
We make each other crazy baby and dance the sweetheart's danceOh sweetheart's dance, that's what we do
The two heart two-step baby, that's me and you
Sweetheart's dance round and round, make out in the corner
Lover's quarrel, sweetheart's danceWell now love sets us in motion and gets down around our feet
We're living to the rhythm of our hearts together beating
I love you, I love you, let me whisper in your ear
Let me kiss you on the shoulder honey, let me hold you nearDance the sweetheart's dance, that's what we do
The two heart two-step baby, that's me and you
Sweetheart's dance round and round, make out in the corner
Lover's quarrel, sweetheart's danceGot your hand in my back pocket, got your eyes all off in space
How 'bout we just slip out of here and find a quiet placeDance the sweetheart's dance, that's what we do
The two heart two-step baby, that's me and you
Sweetheart's dance round and round, make out in the corner
Lover's quarrel, oh sweetheart's dance
Make each other crazy, dance the sweetheart's dance
