We Play Dumb

Shampoo

Bottle of vodka, we want more
Smashing glasses on the floor
Are we real or are we fake
Just go home give us a breakYou play dead, we play dumb
You say talk, we say run
You play dead, we play dumb
You just think we're bubblegumYou don't understand, we play
We play dumbExcuse me but we can be late
Why don't you abbreviate
What you see is what you get
Don't you understand it yetYou play dead, we play dumb
You say talk, we say run
You play dead, we play dumb
Don't call us, it's just for funWe play
We play dumbBottle of vodka, we want more
Smashing glasses on the floor
Are we real or are we fake
Just go home give us a breakYou play dead, we play dumb
You say talk, we say run
You play dead, we play dumb
Interviews are so much fun
