Naked In the Jungle

Van Morrison

Naked in the jungle, naked to the world
Naked in the jungle, naked to the world
Well, you gotta keep it humble, else it'll come unfurledLions and the tigers, grazin' in the grass
Lions and the tigers, grazin' in the grass
As I keep a-watching over, I make sure no one can passSpeak out, speak out, speak out, speak out
Speak out, speak out, speak out, speak out
Speak out, speak out, speak out, speak out
Speak out, speak out, speak out, speak outBig fish eat the little fish, and the rabbits on the run
Big fish eat the little fish, and the rabbits on the run
Some folks gettin' too much, other just ain't gettin' noneNaked in the jungle, naked to the world
Naked in the jungle, naked to the world
Well, you gotta keep 'em humble, else you'll come unfurledLet's go boySpeak out, speak out, speak out, speak out
Speak out, speak out, speak out, speak out
Speak out, speak out, speak out, speak out
Speak out, speak out, speak out, speak out
