Leggo

B. Smyth

Yeah, Leggo, Leggo, 2 Chainz
Lady, you're exactly like my type
I don't know who you came with tonight
But I can make your life a little better if you live with me, yeah!
Cause ain't nobody fresher in my to write
If you say you'll manage better, than I'll know you're a lie
We can do whatever, doing whatever you can think of
Believe me, girl!
Your body's telling me things your lips won't say
And what I got, got to fell, yeah you can't wait no more
I know I'm gonna get more than your name, is getting Heaven
It seems like invading, don't play with it, girl!

Leggo, it's about that time, girl
How bad you fooled me'
Leggo, hey girl, you're a problem
I know I can stop it!
Leggo, cheat my body like a stage
Wanna see how you can fool me!
Leggo and we can go all night until the morning!
Leggo! Leggo, leggo, leggo!
Leggo! Leggo, leggo, leggo!

I know I look exactly like your type
And I can leave with any girl here tonight
But I don't really see nobody else but you, but you girl!
From the second I stepped, you caught my eye
From the minute I saw you, you've been on my mind
Looking at my wrist, it's about that time, what you wanna do, girl'
Your body's telling me things your lips won't say
And what I got, got to fell, yeah you can't wait no more
I know I'm gonna get more than your name, is getting Heaven
It seems like invading, don't play with it, girl!

Leggo, it's about that time, girl
How bad you fooled me'
Leggo, hey girl, you're a problem
I know I can stop it!
Leggo, cheat my body like a stage

Wanna see how you can fool me!
Leggo and we can go all night until the morning!
Leggo! Leggo, leggo, leggo!
Leggo! Leggo, leggo, leggo!

Yeah, 2 Chainz!
C nose, kiss my ego
Vandel washed mixed with Al Pacino
We know, everywhere we go
Like the white things with me, tuxedo
I am getting to the fritos
It's the dope corner, same corner as the kilo
Slow it down, full speed ahead
Your bottom of your shoes are even red
Got numerous position in the bed
I think we gonna need another spray
And if your friend ain't picture it
Then we gonna need another friend
Get your love on' say ain't turning down
That's my prerogative like'
What goes around comes back around
And back in town!

Leggo, it's about that time, girl
How bad you fooled me'
Leggo, hey girl, you're a problem
I know I can stop it!
Leggo, cheat my body like a stage
Wanna see how you can fool me!
Leggo and we can go all night until the morning!
Leggo! Leggo, leggo, leggo!
Leggo! Leggo, leggo, leggo!
