

Hobo Low

Seasick Steve

I woke up in the mornin', Memphis city time
Don't remember how i got there, surly wa'nt robin' no bank. Surely, surely surely surely Last thing i remember, i
drank 10 whiskey bowls
Somebody bonk' me on the head and i woke up in a stinkin hole Oh its a hobo low, yeah its a hobo low,
Yeah its a hobo low, yeah its a hobo low Woke up in the mornin', sleeping on a bridge
Aint got no food or tv, surely got no fridge
Surely, surely, surely, surely Well last thing i remember... drinkin' with some bowls
Thought i'd deck the box to can the city woke up in new mexico Oh its a hobo low, yeah its a hobo low,
Yeah its a hobo low, yeah its a hobo low When your hobo low there aint no where to go, there aint nuthin lower
than hobo low When your hobo low there aint no where to go, there aint nuthin lower than hobo low When your
hobo low there aint no where to go, there aint nuthin lower than hobo low When your hobo low there aint no
where to go, there aint nuthin lower than hobo low
Aint it the truth Wen'on down to the mission, gotta get a bite to eat
The mission man said sorry boy you allready been here twice this week
Oh its a hobo low, yeah its a hobo low,
Yeah its a hobo low, yeah its a hobo low Woke up in the mornin', memphis city t-i-i-ime
