Enemiez (feat. Jeremih)

[Keke Palmer](#)

[Verse 1: Keke Palmer]
I bite my tongue, it never hurt so bad
Keep wanting you to cross that line
I keep trying to get you to react
It never happens every time[Pre-Chorus: Jeremih + Keke Palmer]
Now you're flowing through my veins
There's one thing to cure this pain
I want you inside of me
Can you fill this empty space?
