

No Way Out (feat. Shannon Saunders)

Mashd N Kutcher

Try to keep it all together,
Under pressure I soon break
Tears behind the laughter,
But they keep on coming, they keep on coming
Watch my tears drop, there's no wishing well
I am left with what?
Under your spell
Watch my tears drop
Under your spell, under your spell
I see through it, I see through it
Does it hurt to shut me down?
Can you do it? Can you do it?
Find your words?
There's no way out
There's no way out
No way out
No way out
Find your words? There's no way out
Try to keep it all together
Under pressure I soon break
There's tears behind the laughter
But they keep on coming, they keep on coming
Watch my tears drop
There's no wishing well
I am left with what?
Under your spell
Watch my tears drop
Under your spell
Under your spell
I see through it, I see through it
Does it hurt to shut me down?
Can you do it? Can you do it?
Find your words?
There's no way out
There's no way out
No way out
No way out
Find your words? There's no way out
The world's on your shoulders
Growing colder
The world's on your shoulders
Growing older
I see through it, I see through it
Does it hurt to shut me down?
Can you do it? Can you do it?
Find your words?

There's no way out
There's no way out
No way out
No way out
Find your words?
There's no way out I see through it, I see through it
Does it hurt to shut me down?
Can you do it?
Can you do it?
Find your words?
There's-
Find your words?
There's no way out
