

# Chills

## Mordi

Light another cigarette  
And maybe by the end of it you'll have changed  
    Make a mental note to self  
To dig a deeper wishing well next year  
    Still, you are the only thing I fear  
        You give me chills (x3)  
Sentimental waking up or sleeping in a coffee cup

It seems  
    You're so high the sky is scared (?)  
And you're in my nightmares and my dreams  
    Still you are the only thing I need  
        You give me chills (x3)  
        And then you leave me cold  
    Still you are the only thing I feel
