Those Waves

Fhin

Those waves seem to
be coming into me.
But I feel like I don't
need to run away.
Water flows on my body
and my soul is washed away now.
Thinking bout nothing but you,
your eyes and your hair.

Since my heart is off
Since my heart is off
Since my heart is off

Those waves seem to
be coming into me
But I feel like I don't
need to run away.

Water flows on my body
and my soul is washed away now.
Thinkin bout nothing but you,
your eyes and your hair.

Since my heart is off
Since my heart is off
Since my heart is off
