

Freak Out!

Teenage Bottlerocket

Gonna sink this ship tonight
Gonna see if hope really floats
I got a feeling that it doesn't
The water's reaching for your thighs
The way you panic, well, it's turning me on
You make it hard to swim away
You look so good, we're freaking out
Come on and take me on a sinking ship
What's death without a smile
I still want you on the bottom of the ocean
Watch me bury the ground after you get yours
You're only out for one thing
I made peace with where I stand
I'm the cut underneath your heels
But as you gotta be
Do you believe in miracles?
'Cause tonight we resurrect the dead
You make it hard to swim away
You look so good, we're freaking out
Come on and take me on a sinking ship
What's death without a smile
I still want you on the bottom of the ocean
Watch me bury the ground after you get yours
You're only out for one thing
And tonight, I rock amongst all that you did
Make me a mess, make me a mess
We'll dig on the bottom of the ocean
We'll dance, we'll dance, we'll dance
Come on and take me on a sinking ship
What's death without a smile
I still want you on the bottom of the ocean
Watch me bury the ground after you get yours
You're only out for one thing
Come on and take me on a sinking ship
What's death without a smile
I still want you on the bottom of the ocean
Watch me bury the ground after you get yours
You're only out for one thing
