Yeah Right

Cimorelli

Yo, what up, Dionne, it's Diggy
I got, erm, caught up in the studio doing some things
So I'm, erm, a hit you later
Maybe you caught the train just like you said you did
Maybe it broke down but you didn't give up
Maybe you got pinned down by all the weight of gifts
That you were bringing me to show your love
Maybe you got lost on the way back to my house
Maybe you called and I was on the phone
Maybe you thought if you were late, I'd throw you out
Maybe you think I like being on my own
Yeah right
Yeah right
I mean honestly
You lied to me like I'm not there
Yeah right
Yeah right
You must be mad you lied so bad
Just listen to yourself
Yeah right
Yeah right
You'll lose my love
If you keep it up
Yeah right, mmm
Maybe you got messed up by someone in your past
Maybe you give me what they gave to you
Maybe it all makes sense of why you run so fast
Acting like this is some police interview
Maybe you're waiting for my birthday to arrive
And then you're gonna tell me everything
Yeah right
Yeah right
I mean honestly
You lied to me like I'm not there
Yeah right
Yeah right
You must be mad you lied so bad
Just listen to yourself
Yeah right

Yeah right
You'll lose my love
If you keep it up
Yeah right, mmm
Girl, I ain't trying to go there with you
But you full of drama, you motion picture
And I ain't really gettin' why you insecure
You're trippin' over this like I lied before
I never lied before, oh, it's that paranoia
Look at all I gave you, didn't I spoil ya?
If I got it, you got it, don't I support ya?
You blind, you can't see I did it all for ya, adored ya?
So now you're fancy, huh, ha
But don't forget it made you fancy, ma, ha
But for you, look what all I've done
Now I'm throwin' up the deuces minus a finger one, dig?
Yeah right
Yeah right
I mean honestly
You lied to me like I'm not there
Yeah right
Yeah right
You must be mad you lied so bad
Just listen to yourself
Yeah right
Yeah right
You'll lose my love
If you keep it up
Yeah right, mmm
Yeah right
Yeah right
I mean honestly
You lied to me like I'm not there
Yeah right
Yeah right
You must be mad you lied so bad
Just listen to yourself
Yeah right
Yeah right
You'll lose my love
If you keep it up
Yeah right, mmm
