All I Need

Lou Rhodes

Two, three, fourThere's a whisper in the trees
Brings me falling to my knees
In a true adoration
Of sweet mother nature
And could there be a better way
Than the dawning of each day
With a blue sky above you
And someone to love you when
All that I want
And all that I need is here, is here
And all that I want
And all that I need is here, is hereThere's a magic all around
Every sight and every sound
Seems to greet me so sweetly
And meet me completely
And could it always be like this
To wake each morning with a kiss
And a new world abounding
With love songs resounding
You copy you paste you lose
And all that I want
And all that I need is here, is here
All that I want (all that I want)
And all that I need (all that I need) is here, is here
And all I say
And all I do
Celebrates the day
That brought me you
