

Ill Wait (To Fall In Love)

Anthony Hamilton

I'll wait for you to fall in love
I'll hold myself for only you
You know I will baby hmmm
Along the way I'll try my hand in love
In hopes that we'll one day bring that unity
The one that feels natural and true
Like an older day movie
Not pretentious both interests agree
That we belong in love as a power
I'll give to stay you

I'll wait for you to fall in love
(I'll wait I'll wait I'll wait)
I'll hold myself for only you
(I'm gonna hold myself for you baby)
I've tried to settle down before
I've tried I've tried but there's
No other love that will do

Elated about you all joy (the thrill to me)
For once I can open my heart
And share all feelings
Come closer and make me your own
(give a life time baby)
And shelter me close with your love cause
There is no woman out there can do oh

I'll wait for you to fall in love
(I'll wait I'll wait I'll wait)
I'll hold myself for only you
(I'm gonna hold myself for you baby)
I've tried to settle down before
I've tried I've tried but there's
No other love that will do

For your love I'll wait(I'll wait)
Girl I'll wait (cause there's no other love)
Cause there's no love that will do makes me feel
The way that you do my baby oh

I'll wait for you to fall in love
(I'll wait I'll wait I'll wait)
I'll hold myself for only you
(I'm gonna hold myself for you baby)
I've tried to settle down before
I've tried I've tried but there's
No other love that will do

I'll wait for you to fall in love
I'll hold myself for only you
