Right Now

Jeanette

I feel so independant 'cause I'm out on my own all alone and this better never be ending I will fight for the right to my throne You're the only one who's disturbin' me gotta take a hike so you don't hang round and keep hurtin' me here today ahh ahh kick you out and don't look back right now our love is over you know you can count me out right now and I'm not moving closer to you boy I won't be nobody's girl right now No need for contemplating doesn't matter to me what you do 'cause you are the one who is leavin' but I don't have no time to be blue You're the only one who's disturbin' me gotta take a hike so you don't hang round and keep hurtin' me here today Oh wow wow kick you out an' don't look back right now our love is over you know you can count me out right now an' I'm not moving closer to you boy I won't be nobody's girl right now you'll be the loner no more in love or harm yeah kick you out and don't look back right now our love is over you know you can count me out right now and I'm not moving closer to you boy I won't be nobody's girl right now kick you out and don't look back right now our love is over you know you can count me out right now and I'm not moving closer to you boy I won't be nobody's girl right now ohhh
