Desperation #5

Scott Weiland

Desperation #5
She takes a swim then takes a dive
She takes a swing and she can hit
Muddy water dirty ditch
Take a swim and walk with me
Make a steal, the Christmas Tree
Hold the water, hold my hand
Takes its time and time againOh, there is no reason time to go
Oh there is no reason, play the show
Oh there is no reasonDesperation #5
She takes a swim then takes a dive
She tries to hold her, hold her hand
Then down the muddy hand again
